## Guidance for Business Submit your Reopen Plans for Review

To assist businesses in building their back-to-business plan, Tehama County Health Officer, Dr. Richard Wickenheiser and Tehama County Health Services Agency Public Health released [Guidance for Business](#) on 4/23/2020 on building a reopen plan. Your plan should cover each of the following categories. For details of each category visit the guidance available on the [TCHSA](#) website.

- Social Distancing
- Sanitation
- Staff Policies

The timing of opening businesses up will be determined by the Governor's lifting or modifying the Shelter in Place Executive Order (<https://covid19.ca.gov/stay-home-except-for-essential-needs/>). Plans that are approved do *not* allow you to reopen your business until the Governor's Orders are lifted but having a plan in place now will position you to reopen safely as soon as possible.

There are 3 ways to submit your plan of how you will safely re-open your business:

1. Online: <https://www.surveymonkey.com/r/TCCOVIDbizplans>
2. Visit our website: [www.tehamacohealthservices.net](http://www.tehamacohealthservices.net)
3. Use the QR code:

Tehama County Health Services Public Health is here to work with you and to help support you in this endeavor. Plans that are submitted will be reviewed and you will receive a notice if it is approved or a notice with suggestions on modifications to improve your plan. Again, this is only to be prepared, approved plans do not allow you to reopen your business until the Governor lifts or modifies his Executive Orders.

Please email your questions to [publichealth@tchsa.net](mailto:publichealth@tchsa.net) or call 530-527-6824.
